Round Table 2 - « How to accelerate your cooperation with the FinTech? »

Financial Services are still struggling to embed FinTechs at scale within their banking services. Different time horizons, siloed organization or lack of sponsorship are showing the limits of fintech collaboration.

However early adopters are now showing the path to success and providing useful hints for the future. Beyond technology and resources, the solution often resides in internal cultural change and adoption of new ways of working. During this panel discussion we will address the following topics : Where do we stand in terms of fintech collaboration ? What is working well today and what are the key learnings? What are the various options to accelerate the collaboration with FinTechs ?

L. Clerc, CEO / President of the management board, CIRCEO • D. Philippon, COO / Co-founder, ZELROS • R. Neuteboom, Group Digital Officer FS, ATOS • J. Kastory, Founding Partner, Astorya.VC, Venture capital • S. Parron, Strategic Project Director, Carrefour Banque et Assurance
